React Exercice Balink (4 Days)

Goal : Create a book store website

1. Use React
2. Create all pages (below mockup)
    a. Home page will display stores
    b. Store page will display books available in this store
    c. Product details page will display the details of the product
    d. Cart page will display the details of your cart
    e. Finalize order page is a form to put information of the client
    f. Thanks page will display the order id and thanks the client
3. The integration of the mockup needs to be responsive (big screen, regular screen, Ipad, Mobile, etc...).
4. Api that you need to use for the exercice :

Get books : https://logical-calf-89.hasura.app/api/rest/books
Get book : https://logical-calf-89.hasura.app/api/rest/books/:bookId
Get stores : https://logical-calf-89.hasura.app/api/rest/stores
Create orders: https://logical-calf-89.hasura.app/api/rest/orders
Body :

    address:String
    amount: numeric
    books:jsonb
    firstName:String
    lastName:String
    phoneNumber:String

5. For style, you don't use any library (Bootstrap, Material design,etc...) and **use styled-components**. You can use the library for icons like font-awesome, take images for the mockup on the internet, and find a logo too.
6. Use ES6 features for example don't use loop for and use const and let for variable, etc….
7. Your code needs to be available in git. The name of the repository needs to be your fullName_bookstore

Bonus :
1. Dockerize your application
2. Use graphql : All api needs to be done with graphql queries. The method is post and here the url : https://logical-calf-89.hasura.app/v1/graphql

Here a sandbox that you can play with :
https://studio.apollographql.com/public/Test-candidate-by-Balink/home?variant=current

3. Add a module language for minimum 2 language where you think in all page

Mockups :

Home page:

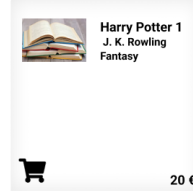

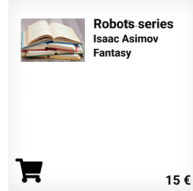

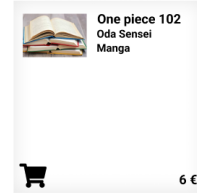

Fnac
136 Rue de Rennes
Paris

Miguel Miranda Bookstore
C. de Lope de Vega
Madrid

Harrietts Bookshop
5 Av.
New York

One piece 101

By Oda Sensei

★★★★½ (150 ratings)

As a child, Monkey D. Luffy dreamed of becoming King of the Pirates. But his life changed when he accidentally gained the power to stretch like rubber...at the cost of never being able to swim again!
Years later, Luffy sets off in search of the One Piece, said to be the greatest treasure in the world...

It's a family brawl as Kaido faces off against Yamato! But Kaido and
his powerful pirates aren't going to go down easily, even against the Straw Hats' best fighters.
The key to victory may be the peculiar ability of a young girl!

Product details

Publisher : Viz Media LLC

Language : English

Paperback : 208

Buy :   6 €

As an alternative, pre-order the Kindle eBook instead to automatically receive on day of release.
